

CLASSROOM PROCEDURE VISUALS

DIGITAL SLIDES

It is so important at the beginning of the year to talk about expected behavior and practice it over and over to start the year off right. Spending that time at the beginning of the year to talk about procedures is key and can really set the tone for your school year. Providing visuals to show what is expected is a valuable tool especially in the lower grades because they are able to see exactly what is expected of them.

Classroom management is most successful when expectations are practiced and procedures are consistent.

Display the digital slides to introduce, discuss, and practice classroom procedures. These slides are perfect for back to school, on a Monday, after a long break, or anytime a reminder is necessary. PDF also included to print out and use.

CLASSROOM PROCEDURE VISUALS

DIGITAL SLIDES

The following Procedure Visuals are included:

- At the Rug
- At your Chair
- When you Need Help
- Lining Up
- Bathroom Break
- Getting a Drink

Each Procedure Visual is broken down with pictures to explain each step as well as:

1. Talk about It (Discussion Questions)
2. Practice It
3. Great Job (A Cheer to Celebrate)

At the Rug

Practice It

When I tell you we will push in our chairs, walk to the rug, and sit down.

When it is time to use walking

Talk About

What would happen if...

- everyone started running to the rug?
- students started sliding on the rug?
- students were rolling or laying on the rug?

At the Rug

When we are at the rug...

- brain is thinking
- ears are listening
voice is OFF
- eyes are watching
- hands in lap
- legs are criss-cross
